Padel

BRAND EXCELLENCE

Unlocking the inner athlete

At Wilson, innovation meets performance to shape the future of padel. Our new collection offers a complete range of rackets designed for every style of play: power, control, and versatility. Crafted with advanced technologies and precision engineering, each racket is built to elevate the game and unlock every player's true potential. From passion to performance. From power to precision. This is the evolution of padel.
It's all Wilson.

INNOVATIONS

EXACTTOUCH TECHNOLOGY™

EXACTTOUCH
Innovative surface texture that delivers maximum levels of control, precision, and spin.

AEROEXACT DESIGN

AEROEXACT DESIGN
Optimized padel geometry made to increase swing speed while making off-center shots better-feeling, more powerful and precise.

V-BRIDGE

V-BRIDGE
Advanced frame geometry minimizes torsional flex for optimal control and maneuverability.

Y-BEAM

Y-BEAM
Throat geometry to allow proper dynamic airflow to improve maneuverability.

I-BEAM

I-BEAM
This technology increases the overall power potential of the racket by adding stiffness and rigidity to the middle part of the frame to help you dominate the game.

SPIN² TEXTURE
Generates maximum spin on attacking shots by optimizing the texture on the racket's surface. Higher density texture at the top helps produce powerful shots with incredible spin .

POWER FOAM

POWER FOAM
High-density foam engineered to create incredibly powerful shots while having a solid, crisp feel and excellent control.

24K

24K CARBON FACE
Carbon face provides improved control for maximum versatility and enhanced performance.

15K

15K CARBON FACE
Face engineered to deliver an unbeatable mix of explosive power and responsiveness, maximizing propulsion off the face while maintaining unparalleled precision.

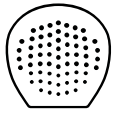

3K

3K CARBON FACE
Face engineered to provide exceptional blend of incredible power and precise control while maintaining the comfort.

CF COMFORT FLEX

COMFORTFLEX FACE
Specifically designed face construction provides effortless power, elevating your game with unparalleled comfort and reducing arm fatigue.

C2 TUBULAR CONSTRUCTION
Crafted with precision using a carbon tubular construction, ensuring a uniform tubular thickness and resulting in increased durability, incredible shot control, and superior feel over the entire padel racket.

DUO GRID HOLE PATTERN
Hole pattern that optimizes power and control in different parts of the racket. The larger diameter top holes provide more power on overheads, while the smaller holes on the bottom provide enhanced spin and control for defensive shots and volleys.

CARBON FIBER FACE
A strategically woven layer of carbon fiber gives players the ability to hit with impressive power.

CARBON FIBERGLASS COMPOSITE:
Blend of carbon and woven fiberglass contributes lightweight feel and produces greater power than fiberglass padel rackets.

PRIMERO CARBON FACE
Integrates premium carbon into the frame for mix of incredible power and quick responsiveness, maximizing propulsion off the padel racket face.

FIRM EVA FOAM
Produces solid, crisp shots for quicker ball deflection and excellent control.

SOFT EVA FOAM
Offers cushioned feel with impressive shock absorption, generating effective blend of comfort and lightweight power.

SPIN EFFECT TEXTURE
Textured surface that grips the ball upon contact for enhanced spin and excellent feel on every shot.

SHARP HOLE TECHNOLOGY
Advanced hole-drilling process generates increased bite with every stroke.

SHOCK SHIELD GRIP
Unique blend of PU and Iso-Zorb supplies excellent combination of tack and cushioned comfort.

PLAYER TYPE

PLAY STYLE

ATTACKER

Relies on speed and power to overwhelm opponents, prefers aggressive shot-making and is not afraid to take risks.

VERSATILE

Relies on consistency to wear down opponents and, thanks to court awareness, is able to quickly switch from defense to offense.

DEFENDER

Relies on anticipating opponents' shots, prefers angled counterattacks and uses patience to force errors.

RECOMMENDED SHAPE

DIAMOND

Generates more power, and has a higher sweetspot.

HYBRID

Balance of power and control.

ROUND

More forgiving due to a larger sweetspot.

RECOMMENDED RACKETS

DEFY

BELA

ENDURE

PRODUCT SELECTOR

WEIGHT RANGE Weight ranges from 355 g to 370 g

+ HEAVY — LIGHT +

Increases stability and momentum — Increases maneuverability

FACE FEEL The firmness of the face is the result of the combination of foam density, face material, and hole pattern shape.

+ FIRM — SOFT +

Explosive power and control in fast swings — Effortless power and control in slow sings

DO I WANT, POWER, VERSATILITY OR CONTROL?

POWER	VERSATILITY	CONTROL
For players seeking power.	For players seeking versatility.	For players seeking control.

BELA V3

Maximum Versatility, Consistent Feel & Effortless Spin

Passion has always been the driving force behind Fernando Belasteguin's legendary career. Designed to offer an ideal balance of power and control, this padel racket gives players the confidence to excel in both aggressive attacking and strategic defensive play, making it the perfect all-around choice for versatile style.

STABILITY CHANNEL

Optimized channel to enhance racket stability and overall feel of the racket.

V-BRIDGE

Advanced racket geometry enhances overall racket performance by optimizing the power and control, effectively preventing torsion in the racket and increasing the maneuverability.

SPIN2 TEXTURE

Generates maximum spin on attacking shots by optimizing the texture on the racket's surface. Higher density texture at the top helps produce powerful shots with incredible spin.

MAXIMUM VERSATILITY

Designed to offer an ideal balance of power and control, this padel racket gives players the confidence to excel in both aggressive attacking and strategic defensive play, making it the perfect all-around choice for versatile style.

CONSISTENTLY SOLID FEEL

Engineered with an expanded sweet spot to deliver exceptional feel and enhanced ball connection on all types of shots.

EFFORTLESS SPIN

Precision-engineered to deliver the shot-shaping spin you need to play with confidence.

DEFY V1

Explosive Power, Aerodynamic & Aggressive Spin

A diamond shape padel racket designed to enhance the fast game of attacking players to achieve their full potential.

AEROEXACT DESIGN

Aerodynamic padel geometry built to increase swing speed while improving power, precision and feel on off-center shots.

I-BEAM

Stability bar increases the overall power potential of the racket, making it easier to dominate.

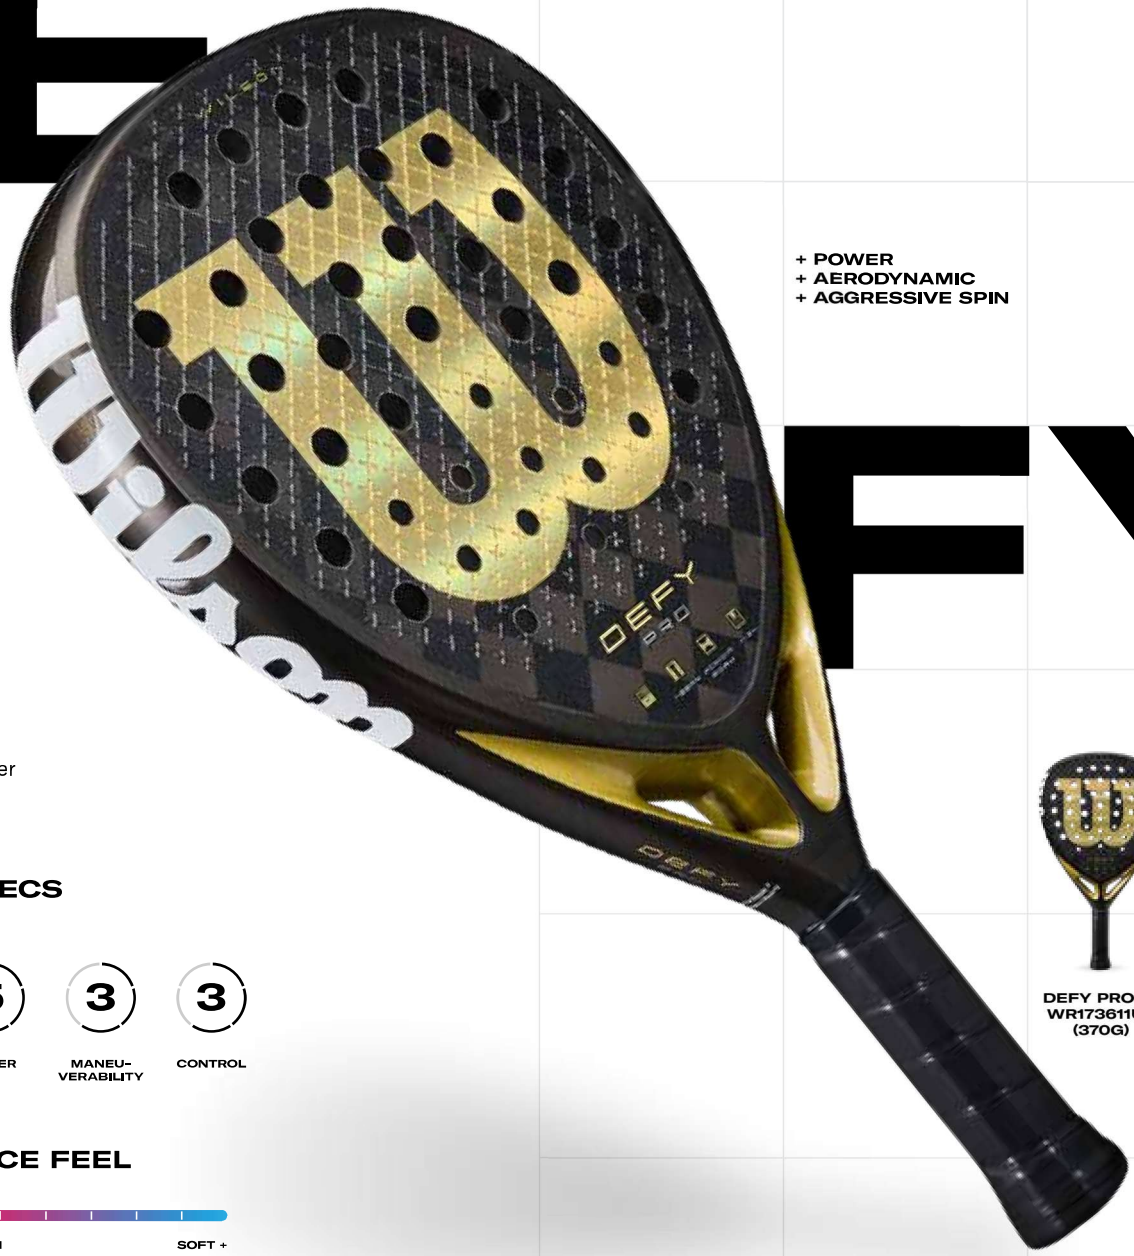

SPIN² TEXTURE

Generates maximum spin on attacking shots by optimizing the texture on the racket's surface. Higher density texture at the top helps produce powerful shots with incredible spin.

POWER
Immense explosive power to dominate the game
AERODYNAMIC
Rapid through the air for faster movements
SPIN
Aggressive spin generation to bring
a new dimension to your game
